

Making flavor real

ofi is a fully integrated spices supplier, actively engaged with partner farmers to supply high-quality ingredients to customers around the world.

We provide all the spices you need for your next innovation, from kitchen staples like pepper to bespoke, trends-led regional spice blends and even organic options. Whether you're looking to capitalize on consumer trends, strengthen your sustainability parameters or tackle traceability, **ofi** can help make it real.

INGREDIENTS:

Onion

Top quality dried onion product, sustainably sourced by the world's largest dried onion supplier.

Pepper

High-quality pepper from our broad sourcing network and our own pepper estates.

Tropical Spices

Add adventurous flavor and stunning color to your applications with our wide array of tropical spices.

Seasoning Blends

Innovative combinations of vibrant herbs and spices to make the ordinary extraordinary.

Purées

Vegetables and spices harvested and frozen at the peak of freshness.

Garlic

Grown in California by local, multi-generational farmers, dried garlic with unrivaled flavor profiles is the perfect addition to any application.

Chiles

An extensive range of red, green and specialty chiles to add heat and flavor.

Brined Chiles

Processed in the Southwestern United States, offering chiles and jalapeños in both red and green varieties.

Herbs

Wide variety of quality product, globally sourced for surety of supply.

Sauces

Red and green sauces to add authentic flavor and enhance any Latin or Tex-Mex recipe.
