

Discover Our Single Serve Packaging Formats

At Club Coffee, we expertly roast and package quality coffees for top private label and co-manufactured brands across North America.

We lead with an innovation forward mindset and provide vertically integrated, end to end solutions through our customer-centric framework.

We deliver commercialization excellence and offer a variety of product formats to meet customer needs and market trends.

Conventional Single Serve Rigid Cup

Our new conventional rigid single serve cups are one of our many single serve flexible packaging formats and are compatible with a variety of K-Cup® style brewing systems.

State of the Art Manufacturing Capabilities

- Compatible for use with K-Cup® style brewing systems
- Five in-line quality checks
- Nitrogen flushed with less than 2% residual O₂ in cup
- In-line, direct to cup flavoring capabilities
- Scalable capacity
- 18-month shelf life
- #5 polypropylene rigid cups

Packaging Configurations to Optimize Shelf Space and Increase Logistics Efficiencies

- Fill weights between 8 g and 12 g per cup
- Compact, space-saving nested pack sizes designed to meet the needs of all retail channels, ranging from 10 to 120 count
- Match national brand selling unit and palletization footprints
- Variety pack capable: bulk-packs and multi-packs
